2. NITT/RTI/2024-25/O186-25 dt. 27/11/2025 – forwarded by CPIO, NIT-Trichy

With respect to the reference (1) cited above, copy of the Online RTI received through CPIO of our institute.

**Observations & Recommendations:**

In response to the RTI query referenced above, CSG has analyzed the requested information by the information seeker. The query primarily pertains to software-related data. After a thorough review, we submit the following observations and recommendations for your kind consideration:

**The applicant has requested information of all software purchases at NITT and not just those software purchased by CSG alone. Hence this information may be requested from all the departments and combined reply may be given after merging all the details from all the departments.**

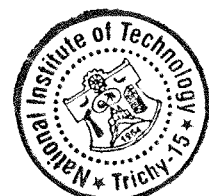

- Regarding Question No.1, CSG can provide a list of software procured and maintained by the CSG. However, it is important to note that the software procured by CSG is not complete list and often multi-disciplinary and can be utilized by multiple departments. For instance, software such as MATLAB and COMSOL are used across various departments. Additionally, many departments and centers have independently purchased certain software as per their requirements and needs. CSG does not have those details. Therefore, we recommend obtaining software-related information directly from the respective departments for complete list.

The list of software procured and maintained by the CSG is publicly available on our institute's website. You may access the information directly via the following link.

<https://www.nitt.edu/home/students/facilitiesnservices/ComputerSupportGroup/Software/>

- Regarding Question No.2, As software procurement and maintenance is handled by multiple departments, we recommend that this information related to fund allocation, disbursement, and utilization be sought from the Office of the Dean (Planning & Development). These offices may have central data on fund allocation and utilization, categorized by item.
- Regarding Question No.3, 4, 5, & 6 since software procurement and maintenance involve multiple departments, we suggest seeking copies of invoices, standard operating procedures (SOPs), guidelines, official communications and minutes of meetings (MoMs) from the Office of Stores & Purchase or the Bill Section. These offices likely maintain centralized records for all the requested items.

**Submitted to the Registrar/CPIO:**

Sub: RTI enquiry reply for the information sought by Shri. Sai Rahul Poruri

Ref: RTI request registration no. NITTI/R/E/25/00143 dated 25/11/2025.

\*\*\*\*\*

The Following Information may be provided to the petitioner with respect to his/her RTI application cited above.

Reply for Sl. No. i

The section does not maintain a separate list of educational software. However, the list of purchase orders including goods and services is available in the institute website link as below:

<https://www.nitt.edu/home/other/tenders/>

Reply for Sl. No. iv

The section does not hold the information sought.

Reply for Sl. No. v

The existing purchase procedure for all goods and services has been published in the institute website and same may be viewed.

Reply for Sl. No. vi

The information is not specific and may be sought from the institute website.
